of Allergy, Asthma and Immunology.
A Conjoint Board of the American
Board of Internal Medicine and
the American Board of Pediatrics.

April 1, 2021

Dear Patient(s):

We are writing to advise you that the Allergy and Asthma Center, P.C. will be permanently closing the doors of our CORVALLIS LOCATION as of JUNE 30, 2021.

We have valued the opportunity to serve the Corvallis area since 1995, and it is our wish and objective to ensure a smooth transition for your medical care. If you wish to continue your care at our Eugene office, you need to do nothing. Your records and immunotherapy will be stored in Eugene unless you choose to transfer to another allergy clinic.

Upon closure of the Corvallis location, your medical records will remain in the Eugene office until or unless you choose to transfer care. If you choose to transfer you will need to complete a written request to release your medical records, that must be returned to our office and then we can forward copies to your new provider. If you are on immunotherapy, we require the new provider to sign and return a form to us outlining their responsibility in administering our shot formulas.

If you have any questions or concerns regarding your medical care at another facility you should make an appointment with Dr. Berry or Dr. Chou to discuss your concerns. If you have any other questions regarding the closure, you can contact our office for guidance in this transition.

Sincerely,

Alalia Berry, M.D.

Alice Chou, M.D.

Candice Rohr, M.D.*
